

Mr. Michael David Madison

May 11, 1955 - January 31, 2020

Michael David Madison affectionately known as “Mike” was born on May 11, 1955 in Berkeley, CA. He was the fifth of six children born to Troy Lee and Pearlie Madison, who were at

Heaven’s Gate waiting to welcome him home with open arms.

Mike was born with a heart condition and was given a life expectancy of twelve years, which he

exceeded by 52 years until his passing January 31, 2020 at the age of 64.

(Matthew 19:26) “With God all things are possible”

Mike had a very loving, outgoing and loving spirit, despite his disabilities he attended school

independently five days a week and, even received a certificate of achievement. He also attended the ARC program on University Avenue in Berkeley, while attending this program he

received many certificates and accolades until their relocation and closing. Mike in many ways

was independent and self-sufficient, he would not allow himself to be defined by his disabilities.

Mike had a way of letting you know what he did or didn’t like and, he didn’t hesitate in doing so.

He had a keen memory, so much so that when Ed would put things out of his grasp, Ed would

forget where he hid them but Mike had already found them. Mike was good at remembering

people no matter how long it had been since he last saw them, he loved meeting new people

especially women, he hugged every woman that he met once sometimes even twice. Mike will

be missed for his laugh that always seemed to be on time and would brighten everyones day,

his smile that said so much without one word, his outreached hand for a firm and

enthusiastic

handshake, his outstretched and welcoming arms always ready to greet you for the offer of a

warm and heartfelt hug, or his dance moves when he heard his favorite song. Mike had a genuine love for life, he enjoyed spending time with his family and his family enjoyed him just

the same. He will be missed dearly for these few things and so much more.

Events
