“ Your nickname "Big Hamm" matched both your personality and your heart. You were one of those people who had an instant and positive impact to everyone you came into contact with, including me! It feels like just yesterday we were cruising around Danville or heading to San Diego for 4th of July. My heart goes out to your family...the world lost a kind, gentle soul. Love you my man

“ You had a latitude and a depth that few possess. Your kindness and humility unparalleled. I'll always recall our drives in your Fathers Z3 listening to 8Ball, our many conversations about what we anticipated our respective futures to look like and playing Madden with your Cousin. Hearing of your passing is met with such sadness as there is so much that you wanted to do and so many people you wanted to help. Rest my Long lost Friend, for your work has just begun. We loved you more than you know.

“ I’ve never seen a young guy come into a community like he did at 17 years old when we were in High School and immediately become one of the most popular, beloved students and friends we all were so fortunate to have part of our lives. I will miss him terribly. Thoughts and prayers to his family, especially his parents who hosted me on many a night/stayover. Hamm you’ll be missed by so many my friend.

“ He was our best friend for more than half of our lives. David filled the room with laughter everytime he was in it. always having the best conversations with him anytime. He was such an amazing uncle to our son always showing us unconditional love. Our son is going to miss Uncle Hamm so much. We cannot even begin to think about what the family is going through. We are praying for your family at this time. We love David very much. He was more than a friend he was like a brother. I am so sorry for your loss. We will honor him and see you all at the service. Love, the Lagorios
