

Edna C Edgerly

November 6, 1921 - November 4, 2020

Edna C. Edgerly was born November 6, 1921 in Thibodaux, Louisiana, the second child (Brother, Clifton the oldest and sister Edith being the youngest) of Herbert and Thelma Neville. She, took great pride in being related to the famous singing group called the Neville Brothers who originated from Louisiana.

She, attended Douglas High School along with our California Representative, Barbara Lee's mother and the same school Barbar Lee herself, attended as well.

Edna was gifted with many talents. She was a self-made seamstress who actually created her own patterns from newspapers, made all of her own school clothes and voted the best dressed in school. She, was also a gifted artist with the ability to capture a persons natural features with pencil etchings. But, her greatest passion was prayer, every single morning she would wake up and start her day with prayer and devotions for all her sisters and brothers of the world as she would say. She would also say specific prayers for those closest to her and would honor a request made by any and everyone who asked.

She met and married Clifford George Edgerly in El Paso Texas, then moved to California when Clifford was stationed in the service on Mare Island, San Francisco, California. They together had three children: Joan Marie, Peggy

Ann, Clifford George Jr. She devoted her life to her children, a mother that ironed her children's cloth diapers and socks, before she would put them on them, she was that meticulous.

She's left to celebrate the memory of her life children, Joan Marie Logan, Peggy Ann Edgerly, Clifford Edgerly Jr. (deceased).
