

## Genell Maxine Erivin

August 25, 1941 - January 1, 2016

Genell Maxine Hutcherson, was born on August 25, 1941, in the City of Cullen, Louisiana. Genell was the fourth child and first daughter born to Earedell and Noble Hutcherson. She and her family moved to the bay area when she was roughly 2 years old. She was always very bright and engaged in school and really enjoyed reading.

A couple of years after finishing high school, she met and eventually married Ace Erivin Jr. From this union two children were born, Gail Erivin-Caudle and Kevin Erivin. She really enjoyed raising her children and kept them active in sports, music and always emphasized the importance and need to be educated. Once her children were in elementary school, she attended Laney College and received an Associate of Arts degree in Child Development. Her passion for caring for children extended to providing child care for her two nieces, Michelle Ford and Kristen Ford during their formative years. She also thoroughly enjoyed spending time with her grandchildren, Julian Caudle and Alexandria Caudle. During her time with her grandchildren, she enjoyed reading to them, taking them for walks, playing with them in the park and taking them to her job.

She always shared stories about how proud she was to teach children in her classroom and how passionate many of them were about learning and exploring new things. She continued in her role as a Teaching Assistant for the Oakland Unified School district for over 10 years.

Genell was very energetic and passionate about others. She enjoyed her

friends, new and old. She also enjoyed various family gatherings that culminated in to several family reunions. She enjoyed traveling in the State and other parts of the country. Generally speaking, she was a Social Butterfly. She loved interacting with people, sharing her views on life and her life experiences. She especially enjoyed spending time at the South Berkeley Senior Center where she participated in line dancing, outings to San Francisco, shopping trips and the movies. But most of all, she enjoyed spending time with her friends at the senior center, socializing during lunch time and during other group activities. She always relished in “speaking her mind”.
