

## Jacqueline Martha Madison

February 16, 1948 - October 16, 2021

Jacquelyn was born on February 16th 1948 to parents Eva Lee Bell, and Walter Leon Bell in Berkeley CA.

They first resided in Cornesus village, then moved to Ellis St where she was raised and lived for many years.

She attended Lincoln Elementary, Willard Middle School, and Berkeley High School.

Jacquelyn started her career at Pacific Bell in the City. She then worked for the Berkeley police department. She then went on to work for the Alameda County Sheriff's Office, where she retired after 30 years.

Jackie loved to entertain. She hosted super bowl parties, especially if her Niners were in it. She also hosted all holidays. She enjoyed cooking and was a great cook.

Jackie loved nature. She would often go to the Marina just to peacefully watch the water. Sometimes she would bring a cup of ice and listen to 102.9 KBLX. Her literal road dog Onyx would ride with her , and enjoyed it just as much as she did.

She loved to shop, and always had something for someone in the bag as well. If you wanted good lotions and perfumes Jackie had them. Her door was

always open for people. She would be right there on the couch watching Oprah, and Emeril. She was always happy to talk and laugh and have a good time. People knew that if you needed some help, Jackie was the one to go to, she might have told you about yourself first, but she still had your back.

Proceeding her in death was her mother Eva, Father Leon, Brothers Kenneth, and Glenn, sister Deborah, Partner Eldred " Posquali " Reid, and dear family friend Ms. Sarah.

She left behind sons: Lamont Adams and Kevin Madison; granddaughter Shalice Madison, her Brother Maurice Jones, Her best cousin Thomas Coleman, Nephews Traniel Brown, Eugene Bell, Malik Jones, Johnny Vanleer, Leon "Le Le" Bell, Nieces, Tanya Bell, Monique Pike, Shelly Bell, Louise " Lu Lu" Bell, Tania "Nikki" Bell, Brittany Jones, Melondy Bell, Dominique Hayes, and Nicole Hayes, Her Best friend Jay Martin, and a host of cousins, friends and others.
