“ My name is Kado Lewis..Nariah Dearmon was my Step Daughter she was a very good hearted person with a different unique way about herself , I haven't seen her in years as an adult but I spoke to her on FaceTime a couple years ago,ironically the only one out of six kids I have spoken to face to face since me and her mom separated . My Condolences to the Dearmon,Burris and Madkins families.If I wasnt currently put of state I would definitely be in attendance.God Bless
